### Great Tips for **God Made Everything.**

Parents, use the following ideas to increase the impact of these stories:

- Look for opportunities to help your child appreciate and care for God's creation.
- Encourage your child to identify things made by God and thank Him for them.
- Have fun making something (a recipe, craft project, tower of blocks, etc.) with your child.
- As a family, work on memorizing Genesis 1:1.
- Help your child find and count the hidden **pieces of pie** throughout the story.
- Ask your child to point to the word **God** every time he or she sees it printed in red.
- Encourage older children to use this book as an easy reader.

*Tips are provided for each story to help parents keep the conversation from the lesson alive at home.*

*Each story includes a hidden item to be found just for fun!*

Each of the three stories comes from one of the Heartprints being emphasized that quarter.

# God Made Everything

The Heartprint is the biblical truth we want to imprint on the heart of each child for that unit.

# *God Made*

# *Everything—*

**plants that grow and  
birds that sing;**

Help your child find the  
hidden items in each story.

**lights that shine up  
in the sky;**

things that are **wet** and  
things that are **dry**.

After reading the story several times, encourage your child to turn the pages and "read" it back to you.

# God made creatures for the land and sea,

**but His  
favorite  
creation**

Notice the intentional rhyme of the story and help your child focus on the words by pausing to encourage him or her to complete a phrase.
