

## CALL FOR PAPERS

### Southwestern D6 Family Ministry Journal

We are eager to introduce you to the *Southwestern D6 Family Ministry Journal*, an academic journal published by D6 Family Ministry.

The goal of the *Southwestern D6 Family Ministry Journal* is to create a platform and a resource for students, colleges, universities, and practitioners interested in the academic implications and tools related to family ministry. This journal addresses the current issues related to family ministry and generational discipleship. For additional information, go to [d6family.com/d6academic/](http://d6family.com/d6academic/).

We are accepting proposals for the 6th edition, which will be published Spring 2024. Each edition includes academic research articles (3,000-5,000 words), practitioner essays (1,000 words), and book reviews (800 words max.). Each research article will be peer-reviewed, and accepted papers will be included in the print issue.

Some of the peer-reviewed academic research articles for Volume 6 will address our 2024 theme: Research focused on technology and social media and their messages regarding identity, deconversion, belonging, and gender. Articles might also examine other cultural influences, their impact on the next generation, and the needed response from both parents and the church.

**All papers must be submitted in APA format with in-text citations. Please review our previous volumes to make sure your formatting and bibliography are consistent with our style.**

#### **Important Dates:**

Intent to submit with abstract: June 15, 2023
